Forty-two (42) rulings by the Stewards at Suffolk Downs (running horse racing).

LEGISLATIVE COMMITTEES

The members of the Commission appeared before various committees of the Legislature on matters pertaining to racing.

The Commission has endeavored at all times to cooperate in every way with the members of the various committees of the Legislature, special commissions established by the Legislature and all other State Agencies. The Commission has furnished the various committees and all other interested parties with all information required.

RULES OF RACING

The Commission amended the Rules of Horse Racing for the year of 1970 after a public hearing held on April 8th, 1970, as provided by the Administrative Procedure Act (Chapter 681 of the Acts of 1954).

The Commission amended the Rules of Harness Horse Racing for the year of 1970 after a public hearing held on June 10th, 1970, as provided by the Administrative Procedure Act (Chapter 681 of the Acts of 1954).

The Commission reviewed the Rules of Greyhound Racing as adopted by the Commission and continued the same in effect for the year of 1970 without amendment.

SALIVA AND URINE TESTS

The Commission continued the program of analyzing the saliva and urine of every winning horse and any other horse designated by racing or commission officials. Every winning horse and all such designated horses are under the surveillance of a State Police Officer and a Commission Inspector from the moment the race is over until the specimens of the saliva and urine are obtained.

The samples obtained are transported immediately after the close of each racing day by the State Police to the Racing Laboratory maintained by the Department of Public Safety at 1010 Commonwealth Avenue, Boston, for analysis.

This system has met with the approval of horsemen by reason of the protection of the samples against tampering before analysis.

At dog racing meetings held during the year of 1970 urine samples were obtained from winning greyhounds and such other greyhounds as may have been designated by racing or commission officials. These samples were also trans-

ported immediately by the State Police to the Racing Laboratory of the Department of Public Safety.

During the year of 1970 there were 6,709 saliva and urine samples taken. These samples were divided as follows:

	<i>Saliva</i>	<i>Urine</i>
Thoroughbred Horse	1,165	1,107
Standardbred Horse (Harness).....	1,003	927
Greyhounds	—	2,507
	<u>2,168</u>	<u>4,541</u>

No positive samples were reported.

UNPAID PARI-MUTUEL TICKETS

During the year of 1970 the sum of \$147,520.00 was received from the several racing associations, being the entire remaining sum of pari-mutuel tickets issued during the year of 1968 which were valid for payment but not claimed for redemption before January 1st, 1970.

An audit will be conducted in January 1971 of the books of the various associations concerning the dollar value of pari-mutuel tickets issued during the year of 1969 which were valid for payment but not claimed for redemption before January 1st, 1971. From the information available at this time it now appears that the following approximate amounts will be received:

Realty Equities Suffolk Downs, Inc.	
(Running Horse Racing)	\$ 44,538.60
Revere Racing Association, Inc.	34,734.50
Massasoit Greyhound Association, Inc.	13,628.30

	<u>\$162,663.40</u>

When the audit of the unpaid ticket account of each association by the Commission Accountant has been completed there may be a variance from the reported totals shown above. The audit will ascertain whether the amounts reported are correct and that each licensee has in its files cancelled checks and cashed tickets that will reconcile its reported total with the amount shown on its pari-mutuel records on the closing day of each meeting.

LICENSES AND REGISTRATIONS

In accordance with Section 9-A of Chapter 128-A of the General Laws and to aid the Commission in the enforcement of its rulings, owners, trainers, jockeys, agents and stable employees at the horse tracks; owners, trainers and agents at the dog tracks and owners, trainers, drivers, agents and stable employees at the harness tracks were all licensed. Colors, stable names, kennel names, partnerships, etc. were registered with the Commission.

Through this system a definite record of all persons directly involved in racing is available to the Commission at all times. During the year of 1970 the sum of \$28,512.50 was realized from all licenses and registrations. The Commission has found this system a most effective aid to its supervision.

REVENUE

During the calendar year of 1970 the gross revenue to the Commonwealth from licensed pari-mutuel racing amounted to \$25,577,558.21 compared with \$22,894,496.80 for the year of 1969.

The number of days of racing in 1970 by all licensees combined was four hundred and thirty-four (434) as compared with four hundred and forty (440) in the year of 1969.

Wagering in the Commonwealth at horse and dog racing meetings amounted to \$271,089,847.00 compared with \$261,226,611.00 in 1969.

AGRICULTURAL PURPOSE FUND

During the year of 1970 the total receipts paid into the Agricultural Purpose Fund by licensees conducting meetings in connection with state or county fairs amounted to \$1,584,891.05.

This amount compares with:

1967	630,088.17
1966	597,654.73
1965	493,031.91
1964	475,866.71
1963	385,417.03
1962	416,563.86
1961	394,981.19
1960	358,667.22

The receipts paid into the Agricultural Purpose Fund by licensees conducting racing meetings in connection with state or county fairs consisting of such payments as are made under the provisions of Section 5 Chapter 128-A of the General Laws less an amount equal to two percent of the total amount wagered on each day of each meeting at a state or county fair which is credited to the General Fund.

NATIONAL ASSOCIATION OF STATE RACING COMMISSIONERS

The Commission continued its membership in the National Association of State Racing Commissioners. This organization comprises the members of the racing commissions of twenty-nine (29) states where pari-mutuel racing is legalized as well as the supervising authorities of Canada (provinces of British

Columbia, Ontario, Alberta and Manitoba), Mexico, Puerto Rico and the Bahama Islands. The Association acts as a clearing house for changes in rules, statistical information; rulings of other Commissions and rulings of racing officials throughout the countries of North America.

A regular and timely bulletin service is maintained from the office of the Secretary at Lexington, Kentucky. These bulletins contain the current rulings of all tracks and Commissions and are of vital importance in maintaining correct records of all persons connected with racing and the reciprocal enforcement of rulings of other states.

In addition, the Association, through its Greyhound Division, also publishes a bulletin containing rulings against greyhound personnel, rule changes and other information pertinent to greyhound racing.

RECOMMENDATION NO. 1

Competition from the neighboring States of Rhode Island, New Hampshire and Vermont for racing dates and the over-lapping of dates with Massachusetts tracks has become a serious threat to the well-being of racing in the Commonwealth and the tax revenue derived therefrom. The laws of these three States differ completely with Massachusetts particularly in the matter of restrictions as to the time of the year when racing may be conducted and the number of days of racing in a calendar year. For instance, the Commissions in these neighboring states may grant licenses for racing meetings at any time in a particular year — and are not restricted as to the number of days a racing meeting may consist of. With this knowledge our neighboring States know

exactly how far this Commission can go — and the Commission is thus placed in the position of being unable to bargain or compromise with these other states to obtain the best possible dates, without competition, if it can be arranged, from tracks in the neighboring States. All of these outside tracks are located in close proximity to the Massachusetts borders. Therefore, the Commission is recommending the following changes in the present law:

- (a.) That horse racing meetings be permitted at any time in the calendar year, as the Commission may determine.
- (b.) That dog racing meetings be permitted at any time in the calendar year, as the Commission may determine.
- (c.) That the number of days of running horse racing in any calendar year shall be at the discretion of the Commission.
- (d.) That the number of days of dog racing in any calendar year shall be at the discretion of the Commission.
- (e.) That the number of days of harness horse racing in any calendar year shall be at the discretion of the Commission.

RECOMMENDATION NO. 2

To carry out the recommendations of the Commission as contained in number one (1) above, it is further recommended that:

- (a.) That Chapter 128-A of the G.L. Section 2 be amended to provide that applications for racing meetings for the following year be filed with the Commission on or before October 1st of the year previous to the calendar year for which the application requests a license to be issued — and that the Commission be required to grant or dismiss such applications on or before November 15th of the year previous to the calendar year for which the application requests a license to be issued.
- (b.) That Chapter 128-A of the G.L. Section 2 be amended to provide that supplementary applications filed in any calendar year shall refer to the premises licensed in that calendar year — but not the original application.
- (c.) That Chapter 128-A of the G.L. Section 3, paragraph (h) be amended by striking out the provision that no license shall be issued at any time at a running horse racing meeting located within fifty miles of another race track within the Commonwealth, one mile or more in circumference.
- (d.) That Chapter 128-A of the G.L. Section 3, first paragraph, be amended to provide that if the Commission has held a public hearing on any application for a license in any calendar year — and the license was granted and issued — no other public hearing need be held on any subsequent or supplementary applications filed by a licensee for a racing meeting at the licensed premises in that same calendar year for which license was granted.

RECOMMENDATION NO. 3

The Commission recommends that in order to properly police Associations licensed to conduct racing meetings throughout the Commonwealth, that the Commission be authorized to prescribe rules covering the following:

- (a.) That the Commission shall have the power to prescribe rules regulating the admission of minors as patrons at horse and dog racing meetings.

RECOMMENDATION NO. 4

When the racing law was adopted in 1934, it provided that the Commission require a bond from each licensee conditioned upon the payment of all sums that may become payable to the Commission under the provisions of Chapter 128-A of the General Laws.

In the case of so-called commercial tracks the maximum amount of the bond is \$35,000. and in the case of fairs the maximum is \$5,000. With the changes that have taken place since 1934 both in the tax formula for racing and the amount wagered at the various tracks, the revenue to the Commonwealth has risen from approximately \$1,600,000. in 1935, the first year of racing to more than \$25,000,000. in the fiscal year of 1970.

There are many occasions during the racing year, particularly on week-ends and holidays when the amounts paid to the Commission Accountant, by check, at the close of the racing day, and forwarded by the Commission Accountant to the Commission Office, by mail, far exceeds the maximum now provided by law.

Therefore, in order to properly protect the revenue to the Commonwealth, it is recommended that Chapter 128-A of the G.L. Section 3, be amended to provide that the bond required to be filed by each commercial track be in the amount of \$250,000. — and that the bond required to be filed for racing meetings held in connection with state or county fairs be in the amount of \$50,000.
